Designed for prolonged and heavy professional use

Exclusive NITRIUM® stainless steel blade

Colour Identification system:
Each knife can be identified for a specific use by using the indicator on the handle. This promotes better hygiene and health for the consumer

The handle has a core of polypropylene (PP) and soft rubber coating on the outside. The special mixture of materials give greater comfort and adaptability as well as being non-hygroscopic (does not absorb liquid).

Keeping your knife's blade sharpened will help you work properly and safely and it will last much longer

Using a sharpening steel will restore dull knives back to razor sharpness

Made of a rod of hard steel-alloy with a tough synthetic handle designed for a safe grip

Frenti

NEW

SILICON MOULDS

Frenti Grande is a collection of 600 x 400mm silicon moulds made in Italy which are ideal for those professionals who want to make sweet and savoury creations of a high aesthetic level. Frenti Grande Silicon Moulds have been designed in order to allow a more efficient use for cooking surfaces. The moulds are endowed with flexible, non-stick properties and a special gloss effect of the cavities. These moulds are made of 100% food safe silicone, are suitable for freezing and for cooking in convection ovens or microwave ovens at temperatures ranging from -60°C to 230°C. They use high quality liquid platinum silicone that is suitable for contact with food and completely non-toxic. This range is a collection of original moulds which has gained recognition thanks to its unique shapes. These moulds are divided into; traditional Classic Pastry Desserts, One Bite; which are ideal for finger food catering, Cakes, One Portion Dessert; which are perfect for the creation of refined and original desserts.

ACCESSORIES

Made of transparent polycarbonate, the tray and cover are perfect for storing and identifying your creations. The presence of small notches both on the tray and on the lid makes it perfect for stacking.

TOTAL I-GLOO

For storage of moulds

Item No.

54800

Frenti **NEW** SILICON MOULDS

Manufactured in plain 100% silicon. The moulds are suitable for food contact as per international H.A.C.C.P. laws. The surface is non-stick so it is not necessary to grease it before use. The flexibility of the moulds guarantees a quick and easy removal. The moulds are easy to clean with hot water and a soft sponge. Dishwasher safe, minimum maintenance, long

durability and maximum resistance to corrosion. The resistance of the moulds to extreme temperatures from -60°C to +280°C makes them ideal for freezing or for baking. It can also be used for all preparations of cakes, chocolates, petit-fours and catering preparations.
